Cal OES Daily Situation Report

June 14, 2017

The rivers are running fast and cold! Dress for the water temperature, not the air temperature. That means layers!

EMAC and Public Assistance - 2017 Winter Storms

Cal OES Recovery Division identified the need for Public Assistance subject matter experts to assist with the aftermath of the 2017 Severe Winter Storms. Accordingly, Cal OES requested assistance from other states through the Emergency Management Assistance Compact (EMAC) - the Nations mutual-aid system. New Jersey and Colorado provided personnel that arrived on Monday, 6/13/17. Both states along with other potential states will be providing support between now and the beginning of September at various Joint Field Offices throughout California. The goal is to assist those impacted counties in identifying disaster related damage and program eligibility.

SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Coastal Region

Paul's Slide, State Route 1, Monterey County
Per Cal OES Coastal Duty Officer (CDO), as of 1300 hours on 05/25/17, Paul's Slide on State Route 1 has been closed to all traffic.
- Caltrans engineers report slide activity and the area has been closed in the interest of public safety.
- Assessment will commence and further details will be provided once released.

Mud Creek Slide, State Route 1, Monterey County
The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.
- The Mud Creek area is ¼ mile in length, made up of five slides, four of which fell during this single incident and consolidated into one slide. The remaining slide now extends 1,500 feet in length over State Route 1 and is about 35 to 40 feet deep.
- Roadwork at Mud Creek was suspended and heavy equipment removed due to the threat of new slides and for safety of highway workers. Caltrans geologists and engineers plan to assess it further when this area stabilizes.
- Estimated opening date is 06/01/18.

Pfeiffer Bridge Incident, Monterey County
California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on HWY 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.
- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.
- Caltrans will continue the process of delivering construction materials and equipment to the site of the demolished bridge on HWY 1 via Nacimiento-Fergusson Road from Hwy 101 on Thursday, 06/15/17.
- Some equipment will begin moving out one piece at a time throughout the week. These convoys of equipment will be escorted by CHP.

SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Inland Region

River Forecast - The following rivers are forecast to meet or exceed Monitor Stage:
- Placer County: Truckee River at Truckee
- Alpine County: East Fork Carson River at Markleeville

Please see link for River Forecast Guidance - http://www.cnrfc.noaa.gov/

Cal OES Southern Region

River Forecast - The following river is forecast to meet or exceed Flood Stage:
- Mono County: West Walker River at Highway 395 below Little Walker is forecast to exceed flood stage 6.1 feet the evening of 06/17/17
    - Potential Impacts: Some minor flooding of lowlands, pastures and rural roads.

WEATHER OF CONCERN

Weather of Concern

- A warming trend this week will produce very warm temperatures through Friday, with the heat wave expected to continue through the weekend into early next week. By Friday, daytime high temperatures will reach the upper 90s across the Los Angeles County valleys, with highs over 100 degrees in the Antelope Valley as well as interior San Luis Obispo County Valleys and the Cuyama Valley.

Active Weather Warnings, Watches and Advisories by County:

- http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php - Temporarily unavailable.
- https://alerts-v2.weather.gov/counties/CA

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

Dry weather and mainly sunny skies are expected again today across the Northern region. Tonight through Friday a weak warm front is expected to bring some rain to mainly Del Norte county and clouds to Humboldt county. High builds in for the weekend bringing warm and dry conditions.

SOUTHERN CALIFORNIA

Warmer this week with strong high pressure building over the Southwest. The high stalls over Arizona next week, setting the stage for a long duration heat event from Friday through the middle of next week, perhaps longer. A shallow marine layer will keep the coastal areas cooler with areas of night and morning clouds and fog.

Cal OES LAW ENFORCEMENT MISSIONS

Ongoing Cal OES Missions

- **2017-LAW-36305, 6/08/17, 2305 hours,** The El Dorado County Sheriff's Office (EDSO) and the US Coast Guard (USCG) Station Lake Tahoe are working a joint search and rescue (SAR) for a missing Vietnamese male in his 40's who disappeared while kayaking earlier Thursday. The USCG, who is handling the air support side, made a request for an HH-60 out of NAS through the Air Force Rescue Coordination Center (AFRCC), which was approved. The Fallon airship will supplement a fixed wing out of USCG Sacramento and a local CHP helo. EDSO continues searching with ground and marine teams. **Update: 6/9/17, 1500 hours,** EDSO advised weather conditions have deteriorated; air and marine assets have been recalled due to unsafe search conditions. Mission suspended until weather conditions improve. **Update: 6/11/17, 0600 hours,** Per USCG Station Lake Tahoe, both air and water searching are suspended again today due to high winds. El Dorado SO SAR will be utilizing K9s to search on land today beginning at 0900 hours. **Update: 6/11/17, 1330 hours**, EDSO is requesting the Alameda County Sheriff's Office (ASO) Unmanned Aerial Vehicle (UAV) to assist on Tuesday, 6/13/17. ASO accepted the request and will send 3 teams. They will meet at 0700 hrs. at the EDSO South Lake Tahoe Station for a briefing. This will be a single day operation. **Update: 6/13/17 2001 hours,** Per EDSO, the ASO UAV Team completed their assignment and have returned to their home station. EDSO has requested Placer County Sheriff's Office's Dive Team and Remote Operated Vehicle (ROV) for an Operational Period on Wednesday, 06/14/17. Placer County Sheriff's Office has accepted the mission. The search will begin at 06/14/17, 0900 hours at Lester Beach. **Mission Ongoing.**

Cal OES LAW ENFORCEMENT MISSIONS

Closed Cal OES Missions

- **2017-LAW-36349, 6/10/17, 0100 hours,** Air Force Rescue Coordination Center (AFRCC) reported an ALNOT for a missing/overdue aircraft, a Beech, six seater. It is believed only the pilot was aboard. The aircraft was seen departing Del Mar Farms Airport in Stanislaus County around 1400 hours enroute to Columbia airport in Tuolumne County. There was a delay in the reporting as the pilot did not file a flight plan. Ramp checks were completed at both airports with negative results. The pilot had personal vehicles at each airport and they were located during the ramp checks. AFRCC activated Civil Air Patrol (CAP) (National Team) and start Cell & Radar Forensics. They will also call California Wing of CAP and assign an Incident Commander**. Update: 0135 hours,** AFRCC looking for air assets to fly mission. **Update: 0230 hours,** AFRCC provided the radar forensics report which shows the aircraft's last known position (LKP) as North of the Town of Fort Jones, JNO Swiss Ranch Rd., in Calaveras County approx. 18.5 miles North of the destination airport. It revealed a sudden and sharp decrease in altitude and airspeed. **Update: 0251 hours,** LDO briefed Calaveras County Sheriff's Office and shared the radar forensics report. They are putting together a ground team for first light. **Update: 0436 hours,** Spoke with California Wing CAP IC who advised they have an aircraft departing soon and will try to locate an ELT signal. The IC is going to brief Calaveras SO on their activity. **Update: 0817 hours,** CAP's first aircraft has completed it's search and a second is now over the search area. Calaveras SO SAR is putting a ground team together. CHP is also assisting. **Update: 6/11/17** Both ground and air searching concluded Saturday evening without locating aircraft. **Update: 06/12/17, 1040 hours,** Calaveras County Sheriff's Office is requesting following resources for Tuesday Op Period (06/13/17), 30 Type II's (later modified to 40) and 4 Overhead. They also requested an enhanced package from Cal Guard, as follows: 1x HH-60 and crew, 1x LUH-72 and crew, 1x RC-26 and crew, 1X IC4U and crew, 1x J3 LNO/FFT, 2x IAA personnel, 2x Imagery Analyst (working from Beale AFB). The following local agencies are assisting with mutual aid on 13 Jun, Tuesday: Overhead: Solano SO providing 4; Ground Searchers: Placer 10 for Tue/Wed, San Mateo 9 and 2 K9's Tue/Wed (6 BAMRU/3 Regular), Marin 12 Tue/Wed, Santa Clara 3 Tue-Thu, Mariposa 4 Tue only. Cal OES T-Comm continues to support this mission with an OASIS trailer to provide phone and data services (See the TDO report for further). **Update: 06/12/17, 1156 hours**, TCOMM Communications Reserve Unit (CRU) Staff is responding with an Operational Area Satellite Information System (OASIS) Trailer Com-64 to provide telephone capability to the incident command post (ICP), additionally CRU staff on site are looking at a local WiFI and VoIP solution. **Update: 6/13/17, 1105 hours**, Calaveras County Sheriff's Office reported one of the mutual aid ground teams located the aircraft wreckage and pilot, who was deceased. 1529 hours, Calaveras County Sheriff's Office reports all of the mutual aid ground teams have been removed from the mountain, debriefed and released. The pilots remains have also been removed. LDO made all appropriate notifications. **Mission Closed.**
