

Training & Exercises

- Gaps:**
- 7.1. Define the process by which the state will develop, manage, maintain, and upgrade, or coordinate as appropriate, a statewide training and exercise program.
 - 7.2. Describe the process for offering and requiring training and exercises, as well as any certification that will be needed.
 - 7.3. Explain how the process ensures that training is cross-disciplinary.

Proposed Initiative & Tasks

Establish a cross-discipline Action Team that will coordinate with the Cal Training Institute to identify, develop, and promote statewide interoperability training efforts.

Training & Exercises

General Orientation on Equipment

Single Agency Tabletop Exercises for Key Field and Support Staff

Multiagency Tabletop Exercises for Key Field and Support Staff

Multiagency Full Functional Exercise Involving All Staff

Regular Comprehensive Regional Training and Exercises

Standard Operating Procedures

Gaps: 6.1. Include an assessment of current local, regional, and state operating procedures which support interoperability.

Proposed Initiative & Tasks

Define a statewide process for the approval and use of shared interoperability channels.

Standard Operating Procedures

Individual Agency SOPs

Joint SOPs for Planned Events

Joint SOPs for Emergencies

Regional Set of Communications SOPs

National Incident Management System Integrated SOPs

Technology

Gaps:

5.2.2. Describe the process that will be used to ensure that new purchases comply with the statewide plan, while generally allowing existing equipment to serve out its useful life.

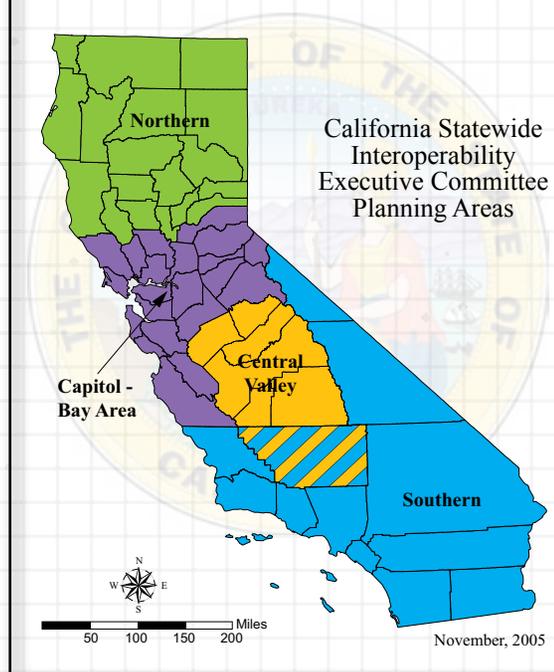

Proposed Initiative & Tasks

Establish a statewide process and decision-making body that will ensure that all purchases over a certain dollar threshold have to go through the CalSIEC for approval.

Governance

Gaps:

4.3. Provide the charter for the governing body, and use the charter to state the principles, roles, responsibilities, and processes.

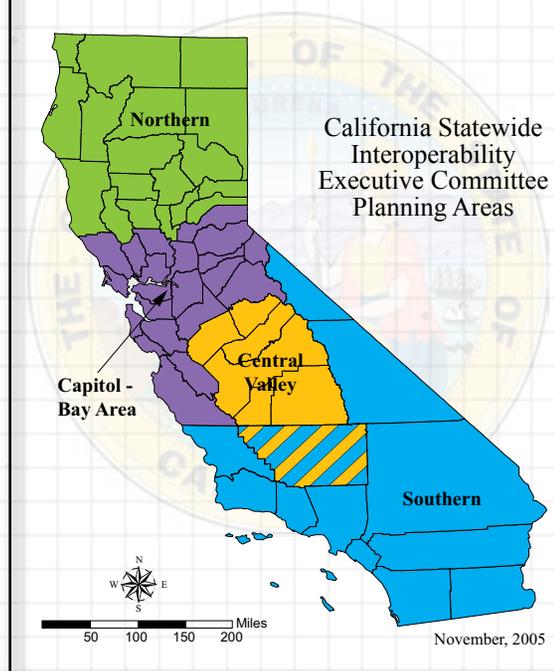

Proposed Initiative & Tasks

Develop and adopt a governance charter for the all-inclusive governing body charged with implementation of the plan.

Funding

Gaps:

- 9.1. Identify committed sources of funding, or the process for identifying and securing short- and long-term funding.
- 9.2. Include a plan for the development of a comprehensive funding strategy. The plan should include a process for identifying ongoing funding sources, anticipated costs, and resources needed for project management and leveraging active projects.

Proposed Initiative & Tasks

Develop an explicit process for obtaining input from local (city and county) levels of government into funding requests and investment justifications and for the distribution of funding to the local and regional level.

Implementation

Gaps: 10.6. Identify a POC responsible for implementing the CalSCIP.

Proposed Initiative & Tasks

Identify and support dedicated POC(s) responsible for the implementation of the CalSCIP – or – work to enhance the authority of the CalSIEC to fund and support its effort to implement the CalSCIP.

Implementation

Gaps:

- 10.4. Describe the roles and opportunities for involvement of all agencies in the implementation of the CalSCIP.
- 10.5. Establish a plan for identifying, developing, and overseeing operational requirements, SOPs, training, technical solutions, and short- and long-term funding sources.

Proposed Initiative & Tasks

Define an inclusive process for the establishment and use of initiative action teams for specific initiatives in the future, and incorporate that process into the governing body's charter.
